EXPLANATION OF BENEFITS

Participate in Research Task Groups

Any individual from a contributing organization can volunteer to help structure the parameters of TEI research and provide guidance to facilitate completion of research projects.

Participate in Board of Advisors Deliberations

Any individual from a contributing organization can attend and participate in the Board of Advisors meeting held at the annual conference and provide input in advance of the fall strategic meeting of the Board of Advisors to help guide the agenda of the organization.

Content for Contributor's Publications

TEI, upon request, will provide written content on relevant subjects to be included in publications distributed by contributing organizations.

Eligibility to Serve on Board of Advisors

Gold and Platinum contributors are eligible to serve on the TEI Board of Advisors, subject to seat availability, nomination and election.

Discount for Electric Vehicle Council Voting Membership

The Electric Vehicle Council is a forum for stakeholders with interest in the infrastructure to support EVs to discuss and study the ongoing efforts for widespread adoption. The market rate for serving as a Voting Member is \$10,000.

Discounted Speaker Fees, Special Presentations, and Customized Workshops

TEI welcomes the opportunity to share insights with interested stakeholders and is available to provide a variety of presentations for contributing organizations.
